

MAKE A DIFFERENCE DAY 2020 RECAP

During the month of October, United Way of Larimer County worked closely with area non-profits to recruit and engage volunteers for the annual Make a Difference Day activities. Volunteering creates a pipeline of civic leaders and supports nonprofits with essential labor.

VOLUNTEERS

“It was a very rewarding experience helping out an older adult in our community. I am always looking for ways to include my young boys in volunteering, and this was a great way to do so. The home owner was extremely appreciative, and it only took a few hours of our time to make a difference at her home.”
