## YOUTH & EDUCATION

**We believe investing in youth is not only the right thing to do, but it is also the best way to ensure a strong economy and community.**

Our programs and partnerships in this area focus on kindergarten readiness, reading at grade level by the end of third grade and high school completion.

## FINANCIAL STABILITY

**We believe in supporting initiatives that decrease the need for future social services.**

Our programs and partnerships focus on a pathway from poverty to self-sufficiency through job training, case management and access to resources and support, including disaster response and recovery.

## COMMUNITY ENGAGEMENT

**We believe strong communities are characterized by a high level of civic participation.**

Our programs and partnerships focus on increasing volunteerism, collaboration across sectors, creating a pipeline of civic leaders and business engagement with the community.

## NONPROFIT EXCELLENCE

**We believe the nonprofit sector plays a vital role in creating and maintaining a resilient community and that donors' dollars should be used to fund effective and efficient programs that show results.**

Our programs and partnerships coordinate with more than 70 local nonprofits, funding collective impact activities, evaluation of outcomes and data-based reports for donors.
